

Princeton University

Department of Physics: Joseph Henry Laboratories

Jadwin Hall

Post Office Box 708

Princeton, New Jersey 08544-0708

Phone: 609-258-5825; FAX: 609-258-6360

2nd Oxford-Princeton High-Power Target Workshop
Princeton University Physics Department
475 Jadwin Hall
November 6-7, 2008

The University visitor's page is

<http://www.princeton.edu/main/visiting/>

The physics department is in Jadwin Hall (not Jadwin Gym)

Interactive campus map

<http://www.princeton.edu/~pumap/>

The preferred airport is Newark Liberty Airport (EWR). There is excellent train service to the Princeton area from EWR. Philadelphia (PHL) is also close to campus but you would need to rent a car. New York JFK may, however, be favored for international travelers.

If you take the train from EWR, first board the AirTrain (<http://www.panynj.gov/airtrainnewark/>) and take it to the Amtrak/NJT (<http://www.njtransit.com/pdf/rail/r0070.pdf>) train station. Buy a ticket (vending machine; credit card) from Newark Liberty Airport to either Princeton Junction (if you are **not** staying in the Nassau Inn) or to Princeton (if you are staying in the Nassau Inn, or you want to go directly to the physics building). There is a transfer at Princeton Junction to the "dinky" to travel the last 2 miles onto campus). If you are staying at an off campus hotel please call a taxi from the Princeton Junction train station.

Local cab companies are: Local Taxi Cab 609-275-1616 & Princeton Taxi Service 609-924-1400.

Driving EWR -> Princeton: Exit the airport (via a labyrinth of barely marked roads) to Rte 1 South/Elizabeth. But quickly follow the exit to the New Jersey Turnpike. Pick up a ticket at the toll booth and get onto the Turnpike going South (either the car or truck lanes are OK). You are getting on at exit 13A. Get off at exit 9 => about 20-25 miles. Pay the toll and stay to the right onto 18 towards New Brunswick/Trenton. Quickly merge to the left before the fork, but then get into the far right lane to exit onto Rt 1 South towards Trenton. Once on Rte 1, it's a straight shot of about 15 miles to the Princeton area.

Driving PHL -> Princeton: Exit the airport onto I-95 North towards Philadelphia. Stay on I-95 thru the center of Philly and on into New Jersey, some 40 miles. Do not get caught in the left exit into Philly center near the Ben Franklin bridge., But do take the left fork = I-95 some 15 miles past Philly center. Cross a bridge over the Delaware into New Jersey (close to the so-called Washington Crossing) and circle Trenton on I-95 until you can exit to Rte 1 North. Then it's about 5 miles on Rte 1 to Princeton, and 3 more miles to the Rte 1 hotels.

If you fly into New York JFK, you can rent a car, or take a train. For the latter, first board the AirTrain (<http://www.panynj.gov/Airtrain/>) to Jamaica Station (NOT to Howard Beach). At Jamaica station you can either take the LIRR (Long Island Railroad) or the subway to New York Penn Station. The LIRR is much quicker and a few dollars more. At Penn Station, you must find

the NJ transit trains and buy a ticket (vending machine/credit card, or long line) to either Princeton Junction or Princeton as discussed above. If you still have a sense of direction while inside Penn Station, the LIRR trains arrive in the northeast corner, and the NJT trains leaves from the southwest corner => make your way diagonally across the station.

Driving JFK -> Princeton: Exit the airport towards New York City (not eastern Long Island), but exit onto the Belt Parkway WEST just beyond the boundary of the (large) airport. Take the Belt about 15 miles (thru the Coney Island area) and exit onto the Verrazano Bridge (toll). This takes you to Staten Island, still part of New York City. Cross Staten Island on I-278 and go into New Jersey via either of 2 options:

A. Goethals Bridge (maybe closed for repairs), and immediately after this onto the New Jersey Turnpike south (getting on at exit 13). Continue to Princeton as per driving from EWR.

B. Outerbridge Crossing (might also be closed for repairs -- but one of Goethals and Outerbridge is always open). For this, get onto 440 South and go 5-6 miles down Staten Island. Cross the bridge into New Jersey and stay on 440/I-287 about 6 miles and exit onto Rte 1 South to Trenton (first go past exits from I-287 onto the Garden State Parkway and the New Jersey Turnpike). It's about 20 mi. on Rte 1 to the Princeton area.

Directions to parking at the Physics Department from off campus hotels: Exit hotel and proceed on Rt. 1 South to the Washington Road exit, which is a traffic circle. Take the first right off the circle (between the gas stations) toward Princeton. The campus is located approximately a mile straight ahead. Continue along Washington Rd. and go over the lake/bridge. At the light (Faculty Road) make a right and proceed up the hill to Fitzrandolph Rd. Make a left onto Fitzrandolph. Parking Lot #21 is on your left.

NOTE: There is limited visitor parking in between Jadwin Hall and the Football Stadium. However, due to ongoing construction access is complicated. Follow directions as above but do not turn into Lot 21. Proceed on Fitzrandolph to the first intersection (Western Way/Ivy Lane). Make a left onto this road. Continue until you are in front of the stadium. There is an entrance to the stadium service road just before you reach the 'tigers'. If you pass the 'tigers' you've gone too far and must go back. Make a left onto the service road, then bear right and follow to the end. There you will find a cobblestone area on your right hand side with visitor parking. No permit is required.

Directions to the off campus hotels:

Follow Driving EWR -> Princeton directions above. After about 12 miles you will see the Ridge Road intersection. Tip: Previous intersection is Raymond Road. Staybridge Suites and Hampton Inn are located just beyond the Ridge Road intersection off the southbound lanes. The Holiday Inn is located in the northbound lanes opposite the Staybridge Suites and Hampton Inn. To reach the Holiday Inn please proceed past Ridge Road intersection to the Independence Road jughandle. Proceed on Independence Road to hotel or while in the jughandle make a left onto Rt. #1 NORTH. You can reach the Holiday Inn from Independence Road and Rt. 1 North.
